

HELP WANTED

Seasonal DZ Delivery Driver - Crop Input Products

Brussels Agromart Ltd. is a full-service crop input provider located in Brussels, in Huron County. We are seeking motivated individuals to join our Delivery Team. Full Time Seasonal positions are available. This is an integral part of our business. You will operate a straight truck to deliver bulk fertilizer to our application units in farmers' fields. You may also deliver water and crop protection products to our custom application equipment in farmer's fields. All necessary training will be provided. Applicants outside of the agricultural industry are welcome to apply! We offer competitive wages with overtime paid.

Core Responsibilities:

- Deliver bulk fertilizer to customers farms
- Deliver crop protection products and water to custom application equipment in field
- Interact with customers in a courteous and professional manner, both on site at the business and in the field
- General help around the company facility as needed

The Successful Candidate Will Possess:

- An AZ or DZ Driver's License
- A dependable and customer service-oriented attitude
- Willingness to work extended hours and weekends during peak times of year (April to June)

Assets Include:

- Basic knowledge of fertilizer and pesticides

If this exciting opportunity interests you, please forward your résumé in confidence to:
